About Me

I'm a passionate aspiring full-stack engineer building real-world applications. Skilled in JavaScript, React, Node.js, Express, and PostgreSQL, I focus on writing clean, maintainable code and integrating APIs to create meaningful projects. I'm a fast learner committed to continuous improvement.

Skills

Technical: JavaScript, React, Node.js, Express, PostgreSQL, Python, API Integration, Git & GitHub, Figma

Soft Skills: Problem-solving, Communication, Fast Learning, Teamwork, Creativity

Projects

Task Manager Application | React • Node.js • Express • PostgreSQL

- Developed a full-stack task manager with CRUD operations.
- Created RESTful APIs and connected them to PostgreSQL.
- Built a responsive UI ensuring smooth front-end/back-end interaction.

AI Text Summarizer / Reply Assistant | JavaScript • API Integration

- Built a tool to summarize text and generate replies.
 - Integrated third-party AI APIs with structured logic and error handling.
-

Education

Secondary School Student (STEM Focus) | 2023 – Present

Interests

Web app development, cloud computing, communication practice, automation, AI tools, full-stack development
